Where Luxury is our Number 1 Priority

Rolls-Royce Phantom

Description

This newest addition to our fleet in the current Rolls-Royce Phantom, introduced in 2003 under the stewardship of BMW.

Finished in Georgian Silver with an all-black interior, this car seats four in absolute luxury, and is surely 'The Best Car in the World' We have also now added our third to the fleet with cream interior.

Interior

Entering the back of this car through the suicide self-closing rear doors it is a very special place to be. The art-deco interior design features mood lighting, veneered picnic tables, deep sheepskin carpets and all other features you would expect inside a Rolls-Royce.

Exterior

The silver coachwork is detailed with chrome and two very fine black lines which complement the interior. The car is extremely imposing, and at over 20 feet long it has a real presence.

Engine

It is powered by a V12 6.75 litre engine giving ample power and torque which is delivered in silence.
